NUTRITION REVIEWS

VOLUME 25 NUMBERS 1–12

January—December 1967

Published by

THE NUTRITION FOUNDATION, INC.

99 PARK AVENUE NEW YORK, N. Y. 10016

Copyright, 1967, Nutrition Foundation, Inc., New York, N. Y., U.S.A.

Editor

FREDRICK J. STARE, PH.D., M.D., Professor of Nutrition, Schools of Medicine and Public Health, Harvard University; Associate in Medicine, Peter Bent Brigham Hospital, Boston. Editorial Office, 665 Huntington Ave., Boston, Mass. 02115

Assistant Editor

DOROTHY CAMPBELL, 665 Huntington Ave., Boston.

Associate Editors

WILLIAM F. BRIDGERS, M.D., Department of Medicine, University of Miami, Miami.

DORIS H. CALLOWAY, PH.D., Department of Nutritional Sciences, University of California, Berkeley.

GILBERT B. FORBES, M.D., Department of Pediatrics, School of Medicine, University of Rochester, Rochester.

OGDEN C. JOHNSON, PH.D., Office of International Research, National Institutes of Health, Bethesda.

RICHARD J. JONES, M.D., Department of Medicine, University of Chicago, Chicago.

OLAF MICKELSEN, PH.D., Department of Foods and Nutrition, Michigan State University, East Lansing.

RALPH A. NELSON, M.D., Section of Nutrition, Mayo Clinic, Rochester, Minnesota.

JAMES C. PEDEN, JR., M.D., Department of Preventive Medicine and Public Health, School of Medicine, Washington University, St. Louis.

OSWALD A. ROELS, PH.D., Marine Biology Division, Lamont Geological Observatory, Columbia University, Palisades, New York.

JAMES H. SHAW, PH.D., Schools of Dental Medicine and Public Health, Harvard University, Boston.

ELMER H. STOTZ, PH.D., Department of Biochemistry, School of Medicine, University of Rochester, Rochester.

MARY ANN WILLIAMS, PH.D., Department of Nutritional Sciences, University of California, Berkeley.

INFORMATION FOR SUBSCRIBERS

NOTICE: BEGINNING JANUARY 1967, SUBSCRIPTIONS WILL BE FOR THE CALENDAR YEAR. ALL NEW AND RENEWAL SUBSCRIPTIONS WILL START WITH THE JANUARY ISSUE AND EXPIRE WITH THE DECEMBER ISSUE. Should any issue of the current volume be out of print at the time the subscription order is received, the pro-rata value of such numbers will be refunded to the subscriber.

Subscriptions should be sent to The Nutrition Foundation, Inc., 99 Park Ave., New York, N. Y. 10016. Rate $5.00 per year in the United States and Canada; $5.50 in other countries. A special student rate of $3.00 per year is offered to regularly matriculated students in colleges or universities whose subscription application is accompanied by an affirmation of student status signed by an authorized Department representative. Changes of address should be sent to The Nutrition Foundation. In the U. S. ZIP CODES must be included. Second-class postage paid at Baltimore, Md. 21202

PLEASE NOTE: Reprints of reviews are *not* available. A limited number of reprints of the *signed lead article* may be obtained from the author.

Note: Items may be quoted from NUTRITION REVIEWS without special permission. If quotations are made, the editors ask only that credit be given to NUTRITION REVIEWS and that they be made in such a way that the original meaning of the review is preserved.

AUTHOR INDEX

The letters SA preceding the page number designate authors of special signed articles; the letter N indicates authors mentioned in the Notes section; LE refers to authors of letters to the Editor; and B designates authors of recent books listed in the Notes section.

Names beginning with Mc are indexed before those beginning with Ma.

SUBJECT INDEX

The letters SA preceding the page number designate a special signed article; N refers to articles or letters in the Notes section.

Absorption
- amino acids, effect on insulin release, 41
- ascorbic acid, in steatorrhea, 237
- calcium
  - role of a specific protein in, 180
  - role of vitamin D in, SA225
- cholesterol, after ileal bypass, 9
- chromium, 76
- cystine and cysteine, 341
- DMSO, by skin, 307
- fat
  - effect of adrenalectomy on, 18
  - effect of folic acid antagonists on, 241
- folic acid
  - in patients with intestinal blind loops, 43
  - in pregnancy, 325
- iron
  - effect of phytates on, 218
  - mechanism, SA321
- lactose
  - after kwashiorkor, 140
  - in adults, 265
  - relation to osteoporosis, 274
- mineral oil, 46
- sites, for alanine and glycine, 41
- spectrum, coenzyme Q, SA97
- vitamin A, mechanism, 199
- vitamin B_{12}
  - by red cell membrane, 248
  - in patients with intestinal blind loops, 43
  - in pregnancy, 166
- vitamin E, SA33
- zinc, effect of phytates on, 215

Acetate
- incorporation
  - into cholesterol, effect of cholesterol feeding on, 211
  - into embryonic brain lipids, 284
- metabolism, in ruminants, 28

Acetone
- metabolism, in normal and ketotic cows, 250

Acidity
- effect on vitamin B_{12} transport by red cell membrane, 248

Acidosis
- effect on RNA synthesis in kidney, N350

ACTH (*see* **Hormones**)

Adipose
- tissue
  - lipolysis in, relation to thyroid status, 252
  - lipoprotein lipase in, role in blood fat clearance, 78
  - metabolism, in hypothalamic hyperphagia, 59
  - of ruminants, acetate metabolism in, 28

Adrenal
- adrenalectomy, effect on fat digestion and absorption, 18
- aflatoxin injury in, 26
- hormones, as inducers of enzyme synthesis, 51

Aflatoxin
- injury, relation to dietary protein, 26
- production, in peanuts, effect of temperature and humidity on, N286

Africa
- fluorosis in, 136

Agar
- dietary, effect on blood cholesterol in chicks, 174

Age
- old
  - ascorbic acid deficiency in, 239
  - vitamin D intake in, relation to bone disease, 71
- relation to body composition changes, SA1
- relation to caloric requirements, SA257

Agriculture
- use of DMSO in, 307

Albumin
- urinary, in premature infants, relation to dietary solutes, 143

Alcohol
- alcoholism
  - effect on primary myocardial disease, 278
  - genetic association with color blindness, 138
- ingestion, effect on liver dehydrogenases in vitamin deficiencies, 22
- prolonged ingestion, effect on liver fat, 84

Aldosterone (*see* **Hormones**)

Algae
- human food source, 272

Amino Acids
- absorption, effect on insulin release, 41
- alanine, competition with glycine for absorption, 41
- alpha-amino-isobutyric acid, uptake in muscle, in magnesium deficiency, 151
- aspartic acid, synthesis from acetate, in ruminants, 28
- cysteine
  - absorption path, 341
  - effect on methylglyoxal inhibition of growth, 178
- cystine
  - absorption path, 341
  - in safflower meal, 29
- glutamic acid, synthesis from acetate, in ruminants, 28
- glycine, competition with alanine for absorption, 41
- histidine, effect of feeding on zinc deficiency, 215
- in wheat, flour, and bread, 118
- incorporation into intestinal mucosal protein, role of vitamin D in, 180
- isoleucine, plasma levels, in ruminants on purified diets, 53
- leucine, plasma levels, in ruminants on purified diets, 53
- lysine
  - deficiency
    - pancreatic changes in, 121
    - wound healing in, 125
  - lack in safflower meal, 29
- methionine
  - in safflower meal, 29
  - toxicity in cold-exposed rats, 335
- phenylalanine, screening procedure for, N95
- synthesis, in ruminants, 53
- transport, in magnesium deficiency, 151

tryptophan
deficiency, effect on oligosomes and protein synthesis, 122
metabolism
in human diseases, 170
in pyridoxine dependency, 72
valine, plasma levels in ruminants on purified diets, 53
Aminolevulinic Acid
excretion, in acute porphyria, effect of vitamin B_6 deficiency on, 7
Ammonia
blood levels, in argininosuccinic aciduria, 235
detoxication of crambe meal by, 93
toxicity in liver cirrhosis, effect of immunization with urease, 201
Anemia
in Tristan da Cunha, 104
iron deficiency, symptoms and measure of, 86
megaloblastic
blood folate levels in, 43
in pregnancy, 166, 325
pernicious, chromium absorption in, 76
vitamin E deficiency, SA33
Antibiotics
actinomycin, effect on liver enzyme response to glycerol feeding, 315
effect of feeding on flatulence, 297
oxytetracycline, use with DMSO, 307
Antibody
production, in gastrointestinal tract, 144
response, in malnutrition, 108
Antimetabolites
aminopterin, effect on fat absorption, 241
deoxyglucose, uptake in muscle, in magnesium deficiency, 151
deoxypyridoxine, effect on acute porphyria, 7
Antioxidant
function of vitamin E, SA33
Aorta
calcification, prevention by fluoride, 100
changes, after ileal bypass, 9
lesions, in seals, N96
plaque formation, lipid accumulation in, 16
Appetite
regulation, by meal size and frequency, 57
Arsenite
effect on vitamin B_{12} transport by red cell membrane, 248
Ascorbic Acid
absorption, in steatorrhea, 237
deficiency
in the aged, 239
platelet function in, 282
dietary, effect on blood lipids, 183
effect on common cold, 228
metabolism, in cold-exposed rats, 335
supplementation, cost of, N255
Atherosclerosis
blood levels of vitamin B_6 coenzyme forms in, 116
carbohydrate intolerance in, 293
fat and carbohydrate metabolism in, 75
ileal bypass treatment of, 9
in seals, N96
in Tristan da Cunha, 104
plaque formation, lipid accumulation, 16
relation to body weight, 270
relation to hardness of drinking water, 164
relation to physical fitness, 197
role of dietary carbohydrate in, 102, 113
use of ascorbic acid in treatment of, 183
Availability
amino acids, in wheat, flour, and bread, 118
zinc, effect of phytate on, N127
Bacteria
clostridium perfringens, food poisoning from, N287
food poisoning by, N94
intestinal, folate synthesis by, 43
salmonella, in carmine red, N157
Bantu
idiopathic hemochromatosis in, N318
Barley
diet, versus corn, effect on body composition of pigs, 313
Barnacles
iron-55 in, 24
Basal Metabolic Rate
factors affecting, SA257
in hypothalamic hyperphagia, 59
in malnutrition and recovery, 112
seasonal variations in, 13
Beans
dietary, flatulence from, 15, 297
Behavior
effect of malnutrition on, international conference on, N63
Bilirubin
serum level, in malnourished infants, prognostic use, 332
Biological Activity
vitamin E forms, SA33
Biological Value
protein, of safflower meal, 29
Biopsy
tissue, use in determining tissue electrolytes, 205
Biotin
in wheat, flour, and bread, 118
present knowledge series, SA65
Blastocysts
rabbit, growth requirements for, 338
Blood
leucocytes, ascorbic acid levels in the aged, 239
platelets
aggregation by unsaturated fatty acids, 37, N191
function, in scurvy, 282
volume, relation to sodium appetite, 175
Body Composition
changes, after starvation treatment of obesity, N189
effect of feeding frequency on, 313
relation to metabolic rate, SA257
relation to nutrition, SA1
Body Conformation
relation to heart disease, 5
relation to seasonal variations in BMR, 13
Body Weight (*see* **Weight, body**)
Bone
disease, in the elderly, relation to vitamin D intake, 71
fluorosis in, survey diagnosis of, 136
fractures, use of dietary phosphates in, 328
osteoporosis
in primary intestinal lactase deficiency, 274
prevention by fluoride, 100
structure, role of fluoride in, 100
vitamin D metabolites in, 207
Book Notices
Annual Review of Biochemistry, Volume 35. P. D. Boyer, Editor. Annual Reviews, Inc. 64, 224.

Your Diet: Health is in the Balance. M. M. Alexander and F. J. Stare. The Nutrition Foundation, Inc. 64.

Bradykinin
in dumping and carcinoid syndrome, 110
Brain
development, after underfeeding, 334
gamma-aminobutyric acid metabolism in, in pyridoxine dependency, 72
microsomal membrane ATPase, inhibition by copper, 213
phospholipids, in embryo, incorporation of fatty acids in, 284
ruminants, acetate metabolism in, 28
stem lesions, caloric intake following, N32
sub-cellular fractions, thiamine in, in thiamine deficiency, 147
urea metabolism in, 235
weight
after malnutrition, 185
in nursling rats, relation to food intake, 349
Bread
nutrient contents of, 118
Breakfast
cereals, phosphate in, effect on dental caries, 263
Brilliant Blue
fecal marker, N159
Bromsulfonphthalein
retention, after brief starvation, 295
Butyrate
stimulation of insulin secretion in sheep, 342

Cadmium (*see* **Trace Elements**)
Calcification
role of fluoride in, 100
Calcium
absorption
role of a specific protein in, 180
role of vitamin D in, SA225
body, changes with age, SA1
deficiency, effect on metabolism of barbiturates, 51
deposition, prevention by fluoride, 100
dietary
effect on blood cholesterol levels, 298
relation to iron absorption, 218
effect on zinc chelation by phytates, 215
in drinking water, relation to incidence of atherosclerosis, 164
in wheat, flour, and bread, 118
intake, relation to osteoporosis, 274
loss, effect of dietary phosphate on, 328
oxalate stones, formation, effect of magnesium and pyridoxine on, 304
role in vitamin B_{12} transport by red cell membrane, 248
Calf
liver, enzyme level in, relation to dietary fat and carbohydrate, 154
Caloric Intake
deficiency
in Ethiopian children, 300
in Jordanian children, SA289
following brain stem lesions, N32
in rats, effect on offspring, 280
in Tristan da Cunha, 104
present knowledge series, SA257
requirements, infant versus adult, N254
Cancer
carcinogenicity of pesticides, 68
carcinoid syndrome, bradykinin in, 110
lack of glyoxal derivative in, 178
relation to dietary fat in man, 8
Capillary
hemorrhage, in scurvy, 282
Carbohydrate
combustion, efficiency of, N222
cortisol glucose tolerance test, in latent diabetes, 45
deoxyglucose, uptake in muscle, in magnesium deficiency, 151
dietary
effect on serum lipids, 102
relation to liver enzyme levels, 154

relation to myocardial infarction, N318
relation to nitrogen metabolism in ruminants, 53
relation to seasonal variations in BMR, 13
disaccharide, absorption after aminopterin, 241
fructose, dietary, effect on alimentary hyperglyceridemia, 78
glucose
blood levels
after amino acid ingestion, 41
from carbohydrate feeding in atherosclerosis, 113
response to butyrate in sheep, 342
dietary, effect on alimentary hyperglyceridemia, 78
entry to cells, effect of NEFA on, 45
formation from acetone, in cows, 250
role of biotin in, metabolism of, SA65
synthesis from propionate, in sheep, 347
glucose tolerance, in atherosclerosis, 293
glucose tolerance test
after kwashiorkor, 140
effect of chromium on, 49
in ischemic cardiovascular disease, 75
in latent diabetes, 45
in magnesium deficiency, 151
glycogen, in liver, after brief starvation, 295
intolerance, relation to atherosclerosis, 293
lactose
absorption, after kwashiorkor, 140
deficiency of lactase in adults, 265, 274
formation from acetone, in cows, 250
lactose tolerance test, in adults, 265
mucopolysaccharide, dietary, effect on blood cholesterol in chicks, 174
starch
dietary, effect on serum lipid levels, 102
digestion in ruminants, 55
sucrose
dietary
effect on serum lipid levels, 102
relation to blood triglyceride level, 172

Carbon Dioxide
fixation, role of biotin in, SA65
in intestinal gases, 15, 297

Carmine Red
salmonella infection from, N159

Carnitine
effect on acetate metabolism in ruminants, 28

Carotene
absorption and metabolism, 199

Carrageenin
dietary, effect on blood cholesterol in chicks, 174

Cartilage
sulfate uptake by, in hypothalamic hyperphagia, 59

Casein
dietary, rat growth on, N30
formation from acetone, in cows, 250

Cattle
cows, acetone metabolism in, 250
safflower meal as feed for, 29

Cell Transport
in magnesium deficiency, 151

Cells
division
glyoxal derivatives as regulators, 178
relation to nutrition, 349
intestinal mucosa
ability to absorb fats, 241
lactase deficiency in, 265
permeability, effect of DMSO on, 307
rabbit blastocysts, growth requirements for, 338

Central Nervous System
development, effect of malnutrition on, 185

Cereal
breakfast, phosphate in, effect on caries, 263

Cerebroside
brain, after underfeeding, 334

Ceroid
composition of, 209

Ceruloplasmin
copper transport form, SA321

Chelation
zinc, by phytates, effect of calcium on, 215

Chick
blood cholesterol in, effect of dietary mucopolysaccharides on, 174
safflower meal as feed for, 29
zinc deficiency in, effect of plant protein feeding on, 215

Children
body composition of, SA1
caries in
effect of dietary phosphate on, 263
effect of prenatal use of fluoride on, 330
dehydrated, tissue electrolytes in, 205
Ethiopian, nutrition study of, 300
iron requirements for, SA321
Jordanian, nutritional study of, SA289
kwashiorkor in, jejunal mucosa damage in, 140
lactose absorption in, 265
malnourished
subsequent growth of, 261
vaccination response in, 108
vitamin D requirements for, SA225

Chloride
body, changes with age, SA1
tissue levels, in dehydrated children, 205

Cholesterol
absorption, after ileal bypass, 9
balance studies, methods for, 87
blood levels
after ileal bypass, 9
effect of calcium on, 298
effect of dietary ascorbic acid on, 183
effect of dietary linolenic acid on, 37
effect of exercise on, 197
in chicks, effect of dietary mucopolysaccharides on, 174
in ischemic cardiovascular disease, 75
in pigs, effect of feeding frequency on, 313
in seals, N96
on algal diet, 272
relation to aortic plaque formation, 16
relation to body weight, 5, 270
relation to dietary carbohydrate, 102, 113
relation to incidence of coronary heart disease, 130, 203
brain, after underfeeding, 185, 334
dietary
relation to cholesterol synthesis, 80, 211
relation to coronary heart disease, 130
relation to tumor growth, 8
hypercholesteremia, ileal bypass treatment of, 9
in intestinal mucosa, 87
liver, relation to liver cirrhosis, 339
synthesis
effect of cholesterol feeding on, 211
in man, 80

Choline
deficiency
effect of alcohol ingestion on liver dehydrogenases in, 22
hypertension in, SA161
liver cirrhosis in, 339
in wheat, flour, and bread, 118

Chromatography
for separation of vitamin D metabolites, 207
methods for study of sterol metabolism, 87
thin layer, for detection of mineral oil, 46
Citrate
effect on acetyl-CoA carboxylase, SA65
in milk, effect of resin removal of strontium-90 on, 244
Citrulline
blood levels, in argininosuccinic aciduria, 235
Coenzymes
coenzyme Q, present knowledge series, SA97
cyclic adenylic acid, relation to adipose tissue lipolysis, 252
pyridoxal phosphate, in blood, in atherosclerosis, 116
Cold
common, effect of ascorbic acid on, 228
environment, effect on nutritional factors, 335
Collagen
synthesis, in lysine deficient rabbits, 125
Color Blindness
genetic association with alcoholism, 138
Colostrum
immune globulins in, 144
Coma
in liver cirrhosis, use of immune inhibition of urease, 201
Congenital Malformations
in zinc deficiency, 157
Convulsions
in infants, in pyridoxine dependency, 72
in pigeons, from copper, 213
Cooking
effect on toxicity of *lathyrus sativus* seeds, 231
Coprophagy
in the rat, devices for prevention, N192
Corn
diet, versus barley, effect on body composition of pigs, 313
Corticosterone (*see* **Hormones**)
Cortisone (*see* **Hormones**)
Crambe
meal, detoxication by ammoniation, 93
Creatinine
excretion, sex differences in, SA1
Cyanide
effect on vitamin B_{12} transport by red cell membrane, 248
Cytochemistry
thiamine in sub-cellular fractions, in thiamine deficiency, 147

Death Rate
from cancer, relation to dietary fat, 8
relation to cadmium level in air, 134
Dehydration
in children, tissue electrolytes in, 205
in malnourished infants, prognostic use, 332
Diabetes
latent, detection of, 45
response of liver enzymes in, after glycerol feeding, 315
role of chromium in, 49
Diarrhea
in Jordanian children, SA289
Diet
breakfast cereal, phosphates in, effect on dental caries, 263
carbohydrate
effect on serum lipids, 102
relation to blood fat levels, 113
relation to myocardial infarction, N318
cholesterol lowering, relation to incidence of coronary heart disease, 203
chromium in, effect on glucose tolerance, 49
control, for prevention of heart disease, N63
elderly women, relation to bone disease, 71
fat, relation to cancer in man, 8
fatty acids in, relation to liver fatty acid composition, 61, 84
flatulence producing, 15
human, algae in, 272
in cold exposure, relation to exhaustion, 335
in Tristan da Cunha, 104
infant
salt in, 82
use of solid food in, 233
linolenic acid, in treatment of heart disease, 37
mineral oil in, 46
mucopolysaccharides, effect on blood cholesterol in chicks, 174
phytate in, effect on zinc availability, N127
premature infant, solute load and kidney function, 143
protein, relation to aflatoxin injury, 26
regulation, effect on heart disease, 130
relation to body composition, SA1
relation to completeness of combustion of foodstuffs, N222
relation to hypertension, SA161
relation to iron absorption, 218
relation to liver enzyme levels, 154
relation to seasonal variations in BMR, 13
relation to tissue enzyme levels, 315
restriction, effect on learning behavior, 20
starvation treatment of obesity, 40, 168
sucrose in, relation to blood lipid levels, 172
thiamine in, relation to excretion, 149
Digestion
fat, effect of adrenalectomy on, 18
milk proteins, in infants, N223
starch, in ruminants, 55
Digitalis Glycosides
effect on vitamin B_{12} transport by red cell membrane, 248
Dimethylsulfoxide
use in agriculture and medicine, 307
Disease
acute porphyria, effect of pyridoxine deficiency on, 7
argininosuccinic aciduria, metabolic changes in, 235
congenital supravalvular aortic stenosis, relation to vitamin D, N31
cystinuria, cystine absorption in, 341
dumping syndrome, bradykinin in, 110
familial hypercholesteremia, ileal bypass treatment of, 9
idiopathic hemochromatosis, in the Bantu, N318
idiopathic hypercalcemia, relation to vitamin D, N31
ischemic cardiovascular, fat and carbohydrate metabolism in, 75
lathyrism, discussion of, 231
liver cirrhosis, treatment by immune inhibition of urease, 201
multiple sclerosis, polyunsaturated fatty acids in, 284
myocardial, effect of alcoholism on, 278
osteomalacia, in the aged, relation to vitamin D intake, 71
osteoporosis
in lactase deficiency, 274
prevention by fluoride, 100
phenylketonuria, screening procedure for, N95
primary intestinal lactase deficiency, 265, 274

pyridoxine dependency, 72
rheumatoid arthritis, liver tryptophan pyrrolase in, 170
smallpox, effect of malnutrition on vaccination, 108
venous thrombosis, effect of dietary linolenic acid on, 37
Wilson's, copper metabolism in, SA321
yellow fever, effect of malnutrition on vaccination, 108
Drugs (*see also* **Antibiotics, Antimetabolites**)
aminopterin, effect on fat absorption, 241
barbiturates, metabolism of, effect of nutrition and stress on, 51
chlorpropamide, effect on insulin metabolism, 113
digitalis glycosides, effect on vitamin B_{12} transport by red cell membrane, 248
tolbutamide, tolerance test in magnesium deficiency, 151
Dumping Syndrome
bradykinin in, 110

Eating
frequency, effect on body composition, SA1
Edema
in man, from algae in diet, 272
Eggs
hatchability, effect of dietary iodine on, N31
salmon, iron-55 in, 24
Electroencephalogram
changes, in pyridoxine dependency, 72
Electrolytes
blood levels, after ileal bypass, 9
determination by neutron activation, 205
imbalance, in malnourished infants, prognostic use, 332
Electron Microscopy
studies on pancreas, in lysine deficiency, 121
Electron Transport
role of coenzyme Q in, SA97
Electrophoresis
of proteolytic enzymes in raw soybeans, 124
Embryo
chick, incorporation of fatty acids in brain, 284
rabbit blastocysts, growth requirements *in vitro*, 338
Energy
costs, of space activities, 301
expenditures, on recovery from malnutrition, 112
loss, from incomplete combustion in body, N222
metabolism, present knowledge series, SA257
Enzymes
acetyl CoA carboxylase
liver levels, after glycerol feeding, 315
role of biotin in, SA65
activators, in raw soybeans, 124
adenyl cyclase, control by hormones, 252
aldehyde oxidase, coenzyme Q in, SA97
aminolevulinic synthetase, levels in porphyria, 7
argininosuccinase, genetic deficiency of, 235
aspartate transaminase, in liver, relation to diet, 154
ATP citrate lyase, liver levels, after glycerol feeding, 315
ATPase, in microsomal membrane, inhibition by copper, 213
beta-hydroxybutyrate dehydrogenase, in liver, effect of alcohol ingestion on, 22
choline dehydrogenase, in liver, effect of alcohol ingestion on, 22
copper-containing, SA321
disaccharidase, in intestinal mucosa, after aminopterin, 241
effect of DMSO on, 307
glucokinase, liver levels, after glycerol feeding, 315
glucose-6-phosphate dehydrogenase
in liver
after glycerol feeding, 315
relation to diet, 154
glutamic acid decarboxylase, role in pyridoxine dependency, 72
induction, by steroid hormones, 51
inhibitors, in raw soybeans, 124
isocitrate dehydrogenase, in liver, effect of alcohol ingestion on, 22
lactase
deficiency
in adults, 265
osteoporosis in, 274
in jejunal mucosa, in kwashiorkor, 140
lactate dehydrogenase, in liver, effect of alcohol ingestion on, 22
lipase, of adipose tissue, relation to thyroid status, 252
lipoprotein lipase
effect of ascorbic acid on, 183
in adipose tissue, role in blood fat clearance, 78
maltase, in jejunal mucosa, in kwashiorkor, 140
nicotinamide-adenine dinucleotide phosphate dehydrogenase, in liver, effect of alcohol ingestion on, 22
oxidative, role of vitamin E in, SA33
phosphoglucomutase, in liver, relation to diet, 154
phytase, relation to iron absorption, 218
proteolytic, in raw soybeans, 124
pyruvate dehydrogenase, in liver, relation to diet, 154
pyruvic kinase, liver levels, after glycerol feeding, 315
regulation, relation to diet, 315
succinate dehydrogenase, in liver, effect of alcohol ingestion on, 22
sucrase, in jejunal mucosa, in kwashiorkor, 140
trehalase, in jejunal mucosa, in kwashiorkor, 140
tryptophan pyrrolase, in liver, in human diseases, 170
urease, immune inhibition of, use in treating liver cirrhosis, 201
Epinephrine (*see* **Hormones**)
Epiprogoitrin
in crambe meal, 93
Errata, 256, 320
Erythrocytes
vitamin B_{12} transport in, 248
Eskimo
body content of iron-55 in, 24
Esterification
of vitamin A, for transport, 199
Ethiopia
nutrition survery in, 300
Ethylene Diamine Tetraacetic Acid
effect on vitamin B_{12} transport by red cell membrane, 248
Exercise
effect on blood lipid levels, 197
effect on body composition, SA1
effect on metabolic rate, SA257
exhaustion from, in cold-exposed rats, 335
Eye
color blindness, genetic association with alcoholism, 138
effect of DMSO on, 307

FAO
applied nutrition programs, 132
Farnesyl Pyrophosphate
incorporation into cholesterol, effect of cholesterol feeding on, 211
Fasting
caloric loss in, from incomplete combustion, N222
hunger sensations during, 40
Fat
absorption
effect of adrenalectomy on, 18
effect of folic acid antagonists on, 241
accumulation in aortic plaques, 16
blood levels
after fat meal, effect of dietary fructose and glycerol on, 78
after ileal bypass, 9
effect of dietary ascorbic acid on, 183
effect of dietary calcium on, 298
effect of exercise on, 197
in ischemic cardiovascular disease, 75
relation to body weight, 5
relation to dietary carbohydrate, 102, 113, 172
body, changes with growth, SA1
brain, after underfeeding, 334
changes in pancreas, on lysine free diet, 121
combustion, energy loss in ketosis, N222
deposition, in pigs, effect of feeding frequency on, 313
dietary
effect on lipids in intestinal mucosa, 87
relation to cancer in man, 8
relation to coronary heart disease, 130
relation to liver cirrhosis, 339
relation to liver enzyme levels, 154
relation to myocardial infarction, N318
relation to seasonal variations in BMR, 13
excretion, effect of dietary calcium on, 298
fatty liver, after alcohol ingestion, in vitamin deficiencies, 22
in ceroid, 209
intestinal mucosa, composition of, 87
lipolysis, in adipose tissue, relation to thyroid status, 252
liver
after brief starvation, 295
after prolonged alcohol ingestion, 84
metabolism
in hypothalamic hyperphagia, 59
in latent diabetes, 45
milk
formation from acetone, in cows, 250
nutritive value, SA129
mineral oil, detection in tissues, 46
storage of pesticides, in man, 68
synthesis, from acetate, in ruminants, 28
Fatty Acid
composition, of deposited fat, relation to diet fed, 313
Fatty Acids
dietary, relation to liver fatty acid composition, 61
free
blood levels
after amino acid ingestion, 41
in latent diabetes, 45
in ceroid, 209
in intestinal mucosa, 87
in liver, after prolonged alcohol ingestion, 84
linolenic acid
dietary, use in treating heart disease, 37
incorporation into embryonic brain phosphatides, 284
polyunsaturated, synthesis of, competitive effects of fatty acids in, 90
synthesis
in hypothalamic hyperphagia, 59
role of biotin in, SA65
unsaturated
dietary, relation to coronary heart disease, 130
effect on blood platelet aggregation, 37, N191
in liver, relation to dietary fatty acids, 61
incorporation into embryonic brain phosphatides, 284
Feces
fecal marker, carmine and brilliant blue as, N159
vitamin D metabolites in, 207
Feeding
infants, cost of, N255
frequency, in pigs, effect on fat and protein deposition, 313
Feeds
safflower meal as, 29
Ferrokinetics
study of iron transport, 276
Fertility
in the hen, effect of dietary iodine on, N31
Fetus
lactase in, 265
malformation in, in zinc deficiency, 157
requirements for folic acid, 325
Fish
iron-55 in, 24
toxicity of pesticides in, 68
Fibroblast
structure, in lysine deficient rabbits, 125
Fibrosis
liver, after brief starvation, 295
Flatulence
relation to food types, 15, 297
Flour
nutrient contents of, 118
Fluoride (*see* **Trace Elements**)
Flurosis
survey diagnosis of, 136
Folacin
antagonists, effect on fat absorption, 241
blood levels, associated with intestinal blind loops, 43
deficiency, in pregnancy, 166, 325
in wheat, flour, and bread, 118
metabolism, role of biotin in, SA65
needs for growth of rabbit blastocysts *in vitro*, 338
Food
crambe meal as, 93
folic acid in, 325
handling, in food poisoning incidents, N94
human
algae as, 272
safflower meal as, 29
intake
following brain stem lesions, N32
in cold-exposed rats, 335
in hypothalamic hyperphagia, 59
in obesity, SA353
in Tristan da Cunha, 104
regulation of, 57
pesticide residues in, 68
poisoning, by *clostridium perfringens*, N287
processing, use of DMSO in, 307
production, world problem, SA129
solid, use in infant diet, 233
soy fibers as, 305
types, producing flatulence, 15
vitamin D in, SA225

Formiminoglutamic Acid
excretion, in pregnancy, 166
Fortification
foods, with vitamin D, SA225
Fructose (*see* **Carbohydrate**)

Gamma-Aminobutyric Acid
metabolism, in pyridoxine dependency, 72
Gas
intestinal, composition of, 15
Genetics
argininosuccinic aciduria, metabolic changes in, 235
color blindness and alcoholism, 138
cystinuria, cystine absorption in, 341
familial hypercholesteremia, ileal bypass treatment of, 9
lactase deficiency, 265
phenylketonuria, screening procedure for, N95
pyridoxine dependency, 72
Geriatrics
senile purpura and sublingual hemorrhage in, relation to ascorbic acid deficiency, 239
Globulin
immune, production in gastrointestinal tract, 144
Glucose (*see* **Carbohydrate**)
Glycerol
feeding
effect on alimentary hyperglyceridemia, 315
effect on glycolytic and lipogenic enzymes, 315
Glycogen (*see* **Carbohydrate**)
Glyoxal
derivatives, as regulators of cell division, 178
Goitrogens
in crambe meal, 93
Growth
aspergillus flavus, in peanuts, effect of temperature and humidity on, N286
body composition changes during, SA1
children
following malnutrition, 112, 261
in Ethiopia, 300
in Jordan, SA289
in hypothalamic hyperphagia, 59
nursling rats, rate of cell division in, 349
pigs, effect of feeding frequency on, 313
rats, on casein diet, N30
requirements, rabbit blastocysts, 338
role of glyoxal derivatives in, 178
Guinea Pig
liver, enzyme level in, relation to dietary fat and carbohydrate, 154

Hair
changes, in biotin deficiency, SA65
Healing
bone fractures, use of dietary phosphate for, 328
Heart
coronary atherosclerosis, blood levels of vitamin B_6 coenzyme forms in, 116
disease
carbohydrate intolerance in, 293
control, physician's practice of, N63
effect of diet regulation on, 130
fat and carbohydrate metabolism in, 75
incidence
correlation with cancer, 8
with diets lowering blood cholesterol levels, 203
relation to body conformation, 5, 270
relation to cadmium level in air, 134
use of linolenic acid in, 37
hemosiderin in, in idiopathic hemochromatosis, N318
lesions, relation to hardness of drinking water, 164
myocardial disease, effect of alcoholism on, 278
myocardial infarction
after ileal bypass, 9
relation to dietary carbohydrate, N318
ruminants, acetate metabolism in, 28
thiamine levels in, 147
Heat
removal, in space suits, 301
treatment of foods, effect on nutritional values, SA129
Height-Weight
relations, significance to mortality, 5
Hematocrit
relation to symptoms of iron deficiency anemia, 86
Hemochromatosis
idiopathic, in the Bantu, N318
Hemoglobin
levels
in Jordanian children, SA289
in pregnancy, 325
relation to iron deficiency anemia symptoms, 86
Hemorrhage
capillary, in scurvy, 282
sublingual, in the aged, relation to ascorbic acid deficiency, 239
Hemosiderin
deposits
after brief starvation, 295
in idiopathic hemochromatosis, N318
Hen
toxicity of iodine for, N31
Histology
brain, after underfeeding, 334
detection of mineral oil in tissues, 46
intestinal mucosa
after aminopterin, 241
after kwashiorkor, 140
juxtaglomerular cells, role in regulating blood pressure, SA161
liver
after alcohol ingestion, 22
after brief starvation, 295
pancreas, on lysine free diet, 121
skin wounds, in lysine deficient rabbits, 125
Hormones
ACTH, effect on aldosterone response to sodium restriction, 311
aldosterone, response in sodium restriction, 311
angiotensin, effect on aldosterone response to sodium restriction, 311
corticoids, excretion, on algal diet, 272
cortisol glucose tolerance test, for detection of latent diabetes, 45
epinephrine, effect on adipose tissue lipolysis, 252
hydrocortisone, effect on liver tryptophan pyrrolase level, 170
insulin
blood levels, from carbohydrate feeding in atherosclerosis, 113
effect on alimentary hyperglyceridemia, 78
release during amino acid absorption, 41
resistance in latent diabetes, 45

secretion in sheep, stimulation by propionate and butyrate, 342
tolerance test in magnesium deficiency, 151
problems in obesity, SA353
renin, in juxtaglomerular cells, SA161
steroid, effect on microsomal protein synthesis, 51
thyroid, effect on adipose tissue lipolysis, 252
Humidity
relation to aflatoxin production in peanuts, N286
Hunger
sensations, during total starvation, 40
Hydroxyindoleacetic Acid
excretion, in dumping syndrome, 110
Hydroxytryptamine
in carcinoid syndrome, 110
Hyperphagia
following brain stem lesions, N32
hypothalamic, metabolic effects of, 59
Hypertension
incidence, with diets lowering blood cholesterol levels, 203
relation to body weight, 270
relation to cadmium level in air, 134
relation to diet, SA161
relation to hormone responses in sodium restriction, 311
Hypothalamus
salt intake regulation by, 91, 187
Hypoxanthine
needs for growth of rabbit blastocysts *in vitro*, 338

Immunity
immune inhibition of urease, use in treating liver cirrhosis, 144
production of immune globulins in intestinal tract, 144
India
fluorosis in, 136
lathyrism in, 231
Infants
birth weight, on Tristan da Cunha, 104
body composition changes in, SA1
convulsions in, in pyridoxine dependency, 72
copper requirements for, SA321
dehydrated, tissue electrolyte levels in, 205
diet
salt in, 82, N254
use of solid foods in, 233
digestibility of milk proteins in, N223
feeding, cost of, N255
lactose absorption in, 265
malnourished
in Jordan, SA289
kidney function in, N350
prognosis for, 332
subsequent growth of, 261
mortality, in Ethiopia, 300
phenylketonuria in, screening procedure for, N95
premature, urinary casts and albumin in, relation to dietary solutes, 143
vitamin E deficiency in, SA33
Infection
in Jordanian children, SA289
in malnourished infants, 332
relation to dietary ascorbic acid, 228
salmonella, from carmine red, N159
Inhibitor
enzyme, in raw soybeans, 124

Inositol
in wheat, flour, and bread, 118
needs for growth of rabbit blastocysts *in vitro*, 338
Insulin (*see* **Hormones**)
Intestine
absorption
amino acids, effect on insulin release, 41
ascorbic acid, in steatorrhea, 237
calcium, role of vitamin D in, SA225
cholesterol, after ileal bypass, 9
chromium, 76
cystine and cysteine, 341
fat
effect of adrenalectomy on, 18
effect of folic acid antagonists on, 241
folic acid, in pregnancy, 325
iron
effect of phytates on, 218
mechanism, SA321
mineral oil, 46
vitamin A, mechanism, 199
zinc, effect of phytates on, 215
aflatoxin injury in, 26
blind loops, effect on blood folate levels, 43
digestion, fat, effect of adrenalectomy on, 18
flatus
from dietary legumes, 297
relation to food types, 15
ileal bypass, for hypercholesteremia, 9
immune globulin production in, 144
lactase deficiency
in adults, 265
osteoporosis in, 274
mucosa
after kwashiorkor, 140
composition of lipids in, 87
cystine to cysteine conversion in, 341
protein in, for calcium absorption, 180
synthesis of triglycerides in, role in lipemia, 78
thiamine levels in, 147
Iodine (*see* **Trace Elements**)
Iron
absorption, effect of phytates on, 218
deficiency anemia, symptoms and measure of, 86
deposition
in cold-exposed rats, 335
in liver, in idiopathic hemochromatosis, N318
in wheat, flour, and bread, 118
iron-55 in fish, 24
needs, in infant's diet, 233
present knowledge series, SA321
transport, in man, 276

Japan
seasonal variations in BMR in, 13
Jordan
nutrition study of children, SA289

Ketosis
in cows, metabolism in, 250
Kidney
aflatoxin injury in, 26
changes, in cold-exposed rats, 335
damage, from cadmium, 134
function
in malnourished infants, N350
in premature infants, 143
juxtaglomerular cells, role in regulating blood pressure, SA161

oxalate stones, formation, effect of magnesium and pyridoxine on, 304
ruminants, acetate metabolism in, 28
sub-cellular fractions, thiamine in, in thiamine deficiency, 147
Kinin
blood levels, in dumping and carcinoid syndromes, 110
Kwashiorkor
body composition in, SA1
effect on jejunal mucosa, 140
effect on kidney function, N350
effect on mental development, 20
effect on yellow fever vaccination, 108
glucose tolerance in, effect of dietary chromium on, 49
in Jordanian children, SA289
Kynurenine
excretion, in human diseases, 170

Lactate
formation from propionate, in sheep, 347
Lactation
caloric requirements for, SA257
in biotin deficiency, SA65
in cows, acetone metabolism during, 250
Lathyrism
discussion of, 231
Learning
behavior, relation to nutrition, 20
effect of malnutrition on, international conference on, N63
Legumes
dietary, relation to flatus, 297
lathyrus sativus seeds, removal of toxic factors from, 231
